1	Another great event. Important that we get together once a year.	10/18/2017 4:35 AM
2	The question and answer session seemed a little short in comparison to some of the talks which seemed to go on for quite some time.	10/17/2017 11:01 AM
3	I thought the event was very well planned with fantastic speakers. Thoroughly enjoyed the two days.	10/17/2017 10:54 AM

4	Round tables are nice and having a stage handy to see the speaker, but half of the delegates have to turn or move chairs to view the front (I had neck pain from trying to view.). I wonder if there is another way to arrange the tables. It would be nice to have some introductions at the beginning with the other delegates - sometimes this is in the delegate pack - it would be nice to make more connections and understand their area/list size etc.	10/17/2017 10:35 AM
5	The event was fantastic, thank you so much to everyone involved. I hope you all had a great time too.	10/17/2017 10:01 AM
6	Great event again this year - Dr Phil seemed more engaged this year but could do with brushing his hair!	10/17/2017 9:26 AM
7	Many congratulations to the team. What a great event. Can't wait for next year.	10/17/2017 9:00 AM
8	Names and contact details of delegates would be useful to support on going contact.	10/17/2017 8:50 AM
9	Some of the forward planning bits I already knew	10/17/2017 8:48 AM
10	Probably one of the better events that I have ever attended.	10/17/2017 8:35 AM
11	Day 1 was excellent, Day 2 was not as engaging.	10/17/2017 8:07 AM
12	Great to see Dr Phil back	10/17/2017 7:37 AM
13	Being a relatively new practice manager this was the first LPMDG that I have attended. I found the whole event really interesting and informative.	10/17/2017 7:37 AM
14	Too many motivational speakers - not enough nitty gritty topics - how can we implement change practically - not just endless theory.	10/17/2017 7:30 AM
15	Dr Phil wasn't his usual self this year, only 1 mention of clangers !!	10/17/2017 7:17 AM
16	Well done to the committee! Another great conference.	10/16/2017 8:08 PM

1	Good mix of speakers. Took something useful away from most sessions.	10/18/2017 4:35 AM
2	Needed more time for Q+A	10/17/2017 4:22 PM
3	Some of the speakers on day 2 were a bit dry and a bit heavy for the second day. The first speaker on day 2 completely lost me and not really sure if any benefit from this particular speaker.	10/17/2017 11:01 AM
4	On being asked to raise questions it is sometimes embarrassing when no one speaks - and takes away the enjoyment of what we heard and still taking in. CCG speaker got a difficult reception. Sometimes this is rushed too with Dr Phil having to raise a question for us. The anonymous questions were good but took too long to answer so not enough time to provide more questions.	10/17/2017 10:35 AM
5	The event flowed really well, it was very professionally delivered, I didn't find anything boring (except possibly the first opening presentation from Bayer - shh, I'm probably not allowed to say that!) ;) I enjoyed all the speakers (even the eccentric Max), it was good to think about the high level business needs rather than the operational day to day. Dr Phil seemed a little subdued during the day, hope he was ok.	10/17/2017 10:01 AM
6	Great mix of speakers. There seemed to be a good link between them all this year. Well done.	10/17/2017 9:26 AM
7	Apart from the bloke with the boxes - what the heck was that all about?	10/17/2017 9:00 AM

Copy of Conference Survey 2017

8	Panel discussion session a little frustrating - little new info available, we still don't know very much and no one really knows when things will happen or funds available. Perhaps a brainstorm on each table with ideas generated on how we could collectively move things forward and these then taken away as action points which could be communicated back to everyone would be more beneficial?	10/17/2017 8:50 AM
9	I was looking forward to the Panel session to hear my colleagues ask pertinent questions, however by the time the panellists had given their presentations there was only 15 mins left for our questions. Even then Phil Hammond took some of the time up asking his own questions, which although pertinent not necessarily what the delegates wanted to discuss. The only person I thought not as relevant as they should be was the Junior Doctor who although gave a passionate presentation, I thought it was a bit too one sided on a political view and considering her actions did not change anything during the dispute I was not too sure what she was trying to get across about General Practice.	10/17/2017 8:48 AM
10	My only thought was that of the Chair - I felt he kept perpetuating an imbalanced negative view about the NHS.	10/17/2017 8:35 AM
11	Aside from the GPFV and STP speakers, who I felt to be condescending at times.... I really enjoyed the other speakers; they were relevant, had done their research into their audience and were enthusiastic. As with previous years - Phil Hammond was excellent and never fails to entertain, pick everyone up and draw back to the importance of why we're all there.	10/17/2017 8:22 AM
12	Overall the majority of the speakers were informative and could keep you entertained. There were a couple who were rather..... dull to listen to.	10/17/2017 7:37 AM
13	Too many similar speakers.	10/17/2017 7:30 AM
14	Loved that the majority of sessions were motivational.	10/17/2017 7:20 AM

#	ANY FURTHER COMMENTS:	DATE
1	Hotel is tired and dirty in some places. It had deteriorated over the last couple of years. Staff were lovely and very helpful Bag drop off was not very smooth Would be better if the event started slightly later to give people more time to arrive Also a shorter day on the Friday- it is an intense couple of days. But it is great and the committee do an amazing job to keep coming up with a great agenda each year.	10/18/2017 4:35 AM
2	Slightly earlier finish on a Friday would be better	10/17/2017 4:22 PM
3	I thought the hotel was a bit 'faded' and the bed was very uncomfortable.	10/17/2017 3:38 PM

Copy of Conference Survey 2017

4	On the second day, the competition prizes timing changed making the early afternoon session longer before a chance of a break.	10/17/2017 10:35 AM
5	Earlier finish time on the second day would be more beneficial if it is a two day event with the second day being a Friday.	10/17/2017 10:30 AM
6	The organisation of the conference is fantastic and was very smooth from start to finish. The only complaint I had was the cleanliness of the hotel and the toilet facilities which malfunctioned numerous times.	10/17/2017 10:21 AM
7	The hotel needs some work as it is starting to look very run down in places. The toilets were a big issue - dirty and did not flush. The water was too hot - nearly burned myself in the shower. The lighting in the rooms are dull and depressing. I think the event has got too big for the size of the venue. Food and staff were great, they all work really hard to make the event work. Thank you.	10/17/2017 9:26 AM
8	Although the hotel is dated and in need of some repair, the hotel staff were as ever excellent and I would rather pay for excellent speakers and a lesser standard of accommodation rather than the other way around.	10/17/2017 9:00 AM
9	I had no hot water in my shower as the control was broken.	10/17/2017 8:48 AM
10	Lighting was slightly poor in the market place - however I did notice a good idea that some stalls had their own lights attached to their stands!	10/17/2017 8:35 AM
11	I felt the rooms were a little tired, but as a place to rest your head it was perfectly adequate. Food was great and staff very friendly and helpful.	10/17/2017 8:22 AM
12	The hotel was really good last year but not this year. Check in was a farce. Bag drop didn't happen. 3pm room key pick up (was lunchtime last year) so, extra 3 hours but room still had cleaning products left on the floor and dirty glasses left outside the door (the corridor was full of dirty glasses and crockery). Lunch was nice but the evening meal looked mostly identical to lunch. I feel the hotel let things down this year. Although...the bar staff in the evening (in the bar where the exhibits were) were amazing! The entertainment was better this year too.	10/17/2017 7:37 AM
13	Room had a very musty smell	10/17/2017 7:36 AM
14	toilets were terrible (sorry) didn't flush. overnight room was in a poor state of repair. food excellent as always, well catered for throughout the day. perhaps a lighter buffet at lunch time.	10/17/2017 7:17 AM
15	The hotel needs a refresh	10/16/2017 8:08 PM

9	I think the panel session should be longer with the panellists from NHS England, CQC, CCG and maybe an independent person with strong views as we had last year. The panellists should only have a few minutes each to introduce themselves and their credentials and then go straight into questions a bit like question time on TV.	10/17/2017 8:48 AM
10	I would quite happily attend another event even without improvements.... I thought this year was the best yet so a massive thank you to the organisers!	10/17/2017 8:22 AM

12	It's really important to network too and this was the first time that I really met and spoken to PMs in my own area. I couldn't believe how much information I came away with and ideas to use in my own practice.	10/17/2017 7:37 AM

6	I particularly enjoyed the discussions relating to STP and GPFV and the use of technology for a future NHS. I think these topics would be very useful to recap again in future discussions.	10/17/2017 10:21 AM
7	It might be good to focus on mergers / take overs and Practice experiences? Its something that is happening more and more and to hear from Practices that have 'evolved' might be beneficial?? It's always good to hear from practices that have tried new things (without special funding) that it would be possible to try at your own practice.	10/17/2017 10:01 AM

#	WHAT COULD WE DO BETTER? - COMMENTS/SUGGESTIONS	DATE
1	I enjoyed the fact this year that more of the speakers were about improving yourself as a manager/leader rather than the NHS system	10/18/2017 7:22 AM
2	I don't know what you can do better - it would be good to try an alternative venue if there is one without increasing the costs too much. Can costs be saved on delegate folders (not used mine for last few years!) and maybe a buffet lunch rather than hot two course dinner?? I am sure the committee have quite a challenge coming up with ideas - you do a great job. Thank you	10/18/2017 4:35 AM
3	Excellent 2 days, very well organised - Thank you, it is clear you all put allot of effort into organising it, it is very much appreciated.	10/17/2017 4:09 PM
4	Always enjoy the networking and the protected time out of practice, worth the effort to attend and although the location is excellent I think the hotel 'could do better'	10/17/2017 3:38 PM
5	This year's entertainment was fantastic. Really enjoyed it.	10/17/2017 11:01 AM
6	Brilliant entertainment.	10/17/2017 10:54 AM
7	Pre-ordering meals may be a good idea	10/17/2017 10:35 AM
8	I thoroughly enjoyed the entertainment this year, the singer was fantastic. Only small complaint would be that the music was very loud during dinner, which I felt was a good opportunity for networking, there were many conversations trying to be had on our table but it was very hard to hear each other.	10/17/2017 10:21 AM
9	Entertainment was fab, thank you so much. I do love a magician and caricatures :) The singer was very talented. It was a lot of fun, thank you again so much :))))	10/17/2017 10:01 AM
10	Keep up the good work - I don't know how you do it! Generally there is always a good mix and something for everyone - you will never please everyone all of the time. Thank you for all the effort - really appreciated.	10/17/2017 9:26 AM
11	Entertainment is difficult, you cant please all of the people etc etc, but having it does stop people dispersing after dinner and that's important	10/17/2017 9:00 AM
12	Excellent conference - well done to the committee and thank you.	10/17/2017 8:50 AM

13	Great event, thanks to everyone who is involved in organising this.	10/17/2017 8:50 AM
14	If this had been my 1st conference I would have thought that it was outstanding but as I have seen some truly amazing presenters over the last 9 years I suppose I have become a bit more critical. Please know that I still believe the organising committee does an excellent job every year and I would not miss the conference for anything.	10/17/2017 8:48 AM
15	Excellent conference. Very well organised. Dinner and after dinner entertainment was absolutely excellent - some of the best so far! Hotel facilities good, but a very small bar area and not enough people serving the number of people, especially at happy hour when the queue for the bar was so long and people in the queue missed out of the canapés because the staff didn't cater to people queuing for the bar and they were taking trays full back to the kitchen! Otherwise food and service very good. Well done to the committee - a lot of hard work has gone into the organisation and the result was a very enjoyable conference once again. Many thanks for all of your hard work and enthusiasm and I will look forward to next year's 10th anniversary conference.	10/17/2017 8:27 AM
16	Entertainment was fantastic this year.... something for everyone!! The singer got everyone on the dance floor and was versatile with the before and after dinner sets. The casino tables and magic mirror offered an activity for those who didn't want to dance and was busy all night long.	10/17/2017 8:22 AM
17	This was my 5th PM conf and I feel that this one has been the best so far. A great effort from the committee and I hope to see you all again next year..THANKYOU	10/17/2017 7:37 AM
18	First time attending the conference and I thoroughly enjoyed it, the speakers, the entertainment, the company etc. Very well organised. Just what we needed thank you.	10/17/2017 7:20 AM
19	overall well organised and enjoyable. just a few niggles as above. thanks for the event. live performance music always welcomed in the evening :-)	10/17/2017 7:17 AM
20	Well done and thank you for the hard work.	10/16/2017 8:19 PM
